

Wooden spatula

Handy and affordable medium for advertising

Wooden spatula

- small - dimensions: 258 × 16 × 3.2 mm
- big - dimensions: 310 × 25 × 3.2 mm
- material: beech wood

All-purpose wooden spatula - handy in your workshop, home or in your garden. Suitable for paint stirring or for putty application as well as for cleaning of sensitive surfaces. Standardly produced in two sizes.

- 1 Printing** - wooden spatula with promotional print serves as a great low-cost medium for advertising and it can be a handy gift for your customers as well.
- 2 Scale** - a scale printed on the spatula enables it to be used for example as liquid level measure or as an indicative measure.
- 3 Holes** - using this option, you will get tool that makes stirring of paints much easier.
